SUBJECT: Situation Report on Prospective Penetration Agents.

TO: C.O. X-2 GERMANY

With reference to your cable Nr. 761 dated 27 June 1945 concerning the situation of JIGGER, OSTRICH and other prospective penetration agents, the position at present is as follows:

.....  
 .....  
 .....

We have four prospective penetration agents in addition to JIGGER and OSTRICH. They are George SPITZ, Guenther WISCHMANN, Agi ZELENAY and Kurt MUELLER who were all involved with the RSHA financial operations. They have supplied us with information on target personalities and are at present assisting us in discovering the location of the leading persons involved in Amt II financial dealings.

SPITZ, WISCHMANN, ZELENAY and MUELLER will all be in a position to be of service to us for a long period of time. SPITZ has been an art dealer for many years and has many contacts in various European countries. When conditions in Munich become more settled he plans to return to his art dealing business in that town and he will be able to furnish us with useful information. He is at present living at his home in Beuerberg near Rosenheim. SPITZ is intelligent, reliable and trustworthy. He has been very cooperative and is willing to help us.

.....

MUELLER was formerly book-keeper for Harald WAENINGER of Amt II. MUELLER has been helping us in our efforts to discover the whereabouts of WAENINGER and others involved in the Amt II financial dealings. MUELLER is honest and reliable and will be able to help us in discovering any anti-Allied activity in his region. He is at present living at his home in Kuchl.

All of these agents are considered reliable by this officer. SPITZ, WISCHMANN, ZELENAY and MUELLER have not been approached on the subject of long term service for us. They are, however, completely under our control and are anxious to help us. It is felt that because of the opportunities they will have for meeting
